Dear Fred,

Our spirits were lifted after a day at Vita Needle! It was wonderful to witness that there is room for people over 65 in the workplace and what a great job they do. We could sense a feeling of happiness among your workers.

Your concept of integrating retirees in your workforce proves to be successful and should be copied by many more employers. In Germany they could learn a lot from this innovative idea.

Both our stories aired successfully. During the conference of the senior editors was Vita Needle the main topic. Thank you again for letting us film.

Please give our regards to everybody at Vita Needle. It was a pleasure to meet you and your staff.

Sincerely,
